## SERMON LATER – REFLECTION

1. Have you ever justified inappropriate means in the short-term for your long-term goals? What happened? Did you achieve your goals?
2. How would you answer the following question: “If Jesus was fully God, then how can His victory over temptation help a weak and sinful person like me?”
3. Of Satan’s three temptations in the passage, which one do you struggle with the most? How might you battle that temptation in the future?
4. How is Jesus’ victory over temptation both our example and the basis for our own victory? What is the danger if we only see Jesus as our example?
5. How does Christ’s victory over the power of sin affect your everyday battle with sin?
