## Sermon Later - Reflection

1. In what ways has 2020 caused you distress and anguish?
2. Do you feel like you deserve God's mercy or that God owes you? Why or why not? Does that prevent you from crying out to God for help?
3. Do you find it easy to wait when things don't really get better? Why or why not? What do you do when things don't really get better?
4. When waiting for God to act, do you base your confidence on who He is or in something else? How did this affect your ability to wait?
5. As we are leaving 2020 behind, and entering into 2021, how will you hope in the Lord?
