Main Point: Be generous to others because God has been generous to us.

## **SERMON LATER – REFLECTION**

1. Have you stolen anything before? What happened and what caused you to do it?
2. What are some methods of stealing that are common in society, but which a lot of people might not consider to be stealing?
3. When have you lacked the trust that God would provide for you? Did that cause you to be more selfish?
4. How can working and sharing with others not only prevent us from stealing, but also create a generous heart in us?
5. How have you experienced God's generosity? Did that compel you to be generous with others? Why or why not?
