SERMON LATER – REFLECTION

1. In what ways have you experienced a natural tendency towards conflict when not living in communion with God?
2. What should your response be to the reality that conflict between followers of Christ deters people from the message of the gospel?
3. What makes it so difficult for you to seek the benefit of others? How can you grow in this area especially when in conflict?
4. Have you ever experienced God's blessings after faithfully responding to conflict? How can you keep your eyes on God's blessings rather than your own prosperity?
